## SKIN CONTACT

Also known as **orange wine**, it's a vibrant twist on red winemaking tradition! By fermenting **white grapes with their skins**, orange wine gets its signature **deep color, complex flavors** like dried fruits, tea leaves, and a velvety texture that's both bold and playful.

It's like the best of both worlds in a bottle  
—refreshing like a white, bold like a red.

## ROSÉ

*A playful twist on traditional wine too!*

By borrowing a **hint of color from deep-colored grape skins** but not enough to be a full-fledged red. Crafted from various red wine grapes, its shades can vary from **delicate pale pink to bold**, vibrant fuchsia. This wine is all about **light, refreshing flavors**, often featuring a medley of **fruity and floral notes**. Rosé is the go-to choice for **casual sips or pairing with a diverse array of foods**, making any occasion a little more fun and festive.
