SKIN CONTACT

also known as **orange wine**,
it's a vibrant twist on red winemaking tradition!
By fermenting **white grapes with their skins**,
orange wine gets its signature **deep color**,
complex flavors like dried fruits, tea leaves, and
a velvety texture that's both bold and playful.
It's like the best of both worlds in a bottle
—*refreshing like a white, bold like a red.*

ROSÉ

a playful twist on traditional wine too!

by borrowing a **hint of colour from deep-coloured grape skins** but not enough to be a full-fledged red.

Crafted from various red wine grapes, its shades can vary from **delicate pale pink to bold**, vibrant fuchsia.

This wine is all about **light, refreshing flavours**, often featuring a medley of **fruity and floral notes**. Rosé is

the go-to choice for **casual sips or pairing with a diverse array of foods**, *making any occasion a little more fun and festive.*
